* Cf. Ernst / Schmidt / Beneken : p. 285
Grundkurs Informatik (2020).
See also p. 531.

A 6-nodes system is more complex already notably

The transport network is comparable to network topologies.

directed graph
bidirectional (20 routes)
5 nodes 10 routes with no restrictions (non-flight agreements)

the helipad system was not a pure Libertarian system...
